BRIM WITH CONFIDENCE.

Conceived, designed and engineered to stand out. Featuring a sculpted body with strong and sharp character lines visible from every angle that are hard to ignore. Nissan Intelligent Mobility comes to life in the all-new MICRA through intelligent driving technologies. It's like having a third eye and sixth sense all in one. Nissan Intelligent Driving Systems make your journey safer and more pleasurable.

Blind Spot Warning: Boost your vision: the system will warn you if there are vehicles in the blind spots diagonally behind the car.

Intelligent Forward Emergency Braking: Intelligent Forward Emergency Braking uses radar technology to monitor the vehicle in front of you, and provide audible & visual warnings prompting the driver to react to avoid a possible frontal collision. Upon driver intervention failure, the vehicle will apply braking to avoid or reduce the severity of the collision.

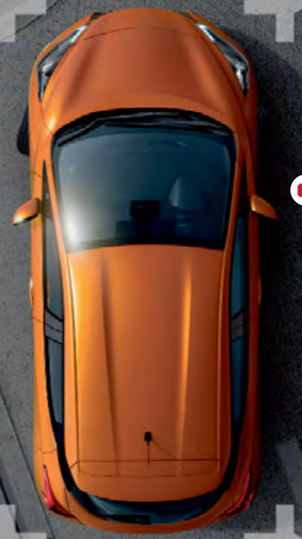
RIGHT ON THE NOSE.

In Drive, the display gives you both a front and overhead view, so you know just how far to pull up – without going too far.

COMPLETE THE PICTURE.

Located under your driver's side mirror, this camera helps round out your virtual 360° bird's-eye view, whether you're in Drive or Reverse.



SPARE YOUR WHEELS.

In Drive or Reverse, you can push the camera button to switch out the overhead for a side view. A great help for seeing how close you are to the curb.

BACKGROUND SAVVY.

In Reverse, the display helps you see what's directly behind you, while the overhead view helps with smaller objects that might be hidden below your window.

NISSAN INTELLIGENT AROUND VIEW MONITOR

WITH MICRA AS YOUR PARTNER, EVEN PARKING'S A PLEASURE.

What if parallel parking was easier? A rearview camera and rear parking sensors are great to give you further confidence when baking up – but when it comes to parking, it's nice to see more than just what's directly behind you. That's why the all-new Nissan MICRA's Class-Exclusive Around-View Monitor uses four cameras that give you a virtual 360 degree bird's-eye view of your vehicle, with selectable split-screen close-ups of the front, rear, and curbside views, so you can get a better look. And since all obstacles aren't stationary (like a shopping trolley). Moving Object Detection helps keep an eye around your MICRA, and warn you about moving objects detected nearby.

Available on Acenta Plus Tech models .

DRIVE WITH AGILITY AND CONFIDENCE.

Whether it's darting through traffic or out on the open road, the all-new Nissan MICRA is an exceptional car to drive. The efficient 66kW Turbo Petrol engine gives you instant acceleration with dynamic performance that is the perfect balance between agility and excitement.

Hill Start Assist (HSA): Holds the vehicle when stationary – without the driver needing to keep a foot on the brake or apply the parking brake.

Intelligent Trace Control: Delivers confident handling around corners. It adjusts the brake pressure on individual wheels to help keep you on an optimal line through turns.

Intelligent Ride Control: Applies subtle braking to prevent unpleasant upper body motion over bumps and enhance the overall comfort of your ride.

NISSAN GREEN PROGRAM

Nissan's commitment to the environment
Nissan's environmental philosophy embraces people, vehicles and nature. In the pursuit of a sustainable mobile society, the Nissan Green Program aims to reduce the environmental impact of Nissan vehicles at every stage of the vehicle life cycle, while corporate activities address environmental challenges.

NISSAN'S commitment to quality: to provide all customers with a consistently high level of quality, Nissan applies the standard worldwide, to ensure that all Nissan owners enjoy peace of mind for the lives of their vehicles. The approach is based on quality from the customer's perspective on three key elements: 1. The expectation of a smooth driving experience with complete peace of mind. 2. The intangible appeal of a vehicle, its power to captivate and excite, with features that capture attention and imagination. 3. The level of attentiveness and service during the sales process, and long after the sale is concluded.
